

# FOUR-EYED Frog BOOKS

**F**our-Eyed Frog Books is a community-owned bookstore and a cornerstone of the Mendonoma Coast. It's a place where friends meet and mingle, local authors read their works, and coffee, humor and hospitality are always complimentary.

"The Frog" has a complete range of new and classic fiction and non-fiction, as well as robust sections for children and young adults. They have cookbooks to inspire, and local history to inform. And don't forget the greeting cards, puzzles, games, journals, and pens for the "writer" within. On their website you can access over 3 million eBook titles, as well as downloadable audio books.

The Four-Eyed Frog has a deep commitment to community and invites you to come join in that endeavor...with a good book.
